Information updated as ski or weather conditions change.

Heavenly is a proud partner with Keolis Transit America who together fund and operate the Winter Ski Shuttle and community transit system. The Winter Ski Shuttle system utilizes clean-fuel technology transit vehicles which not only improve air quality and reduce congestion in South Lake Tahoe, but they will directly improve the water quality and clarity of Lake Tahoe.

**2012-2013
WINTER SKI SHUTTLE GUIDE**

Schedules are in effect between 8:00 a.m. and 2:00 p.m. After 2:00 p.m. buses only discharge from lodges or Stateline Transit Center to lodging facilities until approximately 6:00 p.m.

Times listed are departure times. Buses only stop at designated bus stops. No flag stops or deviations allowed.

HEAVENLY SKI SHUTTLE

The Winter Ski Shuttle service is comprised of six routes. The shuttles pick up at each of the shuttle stops according to the shuttle timetables listed for each route color.

The time tables are in service from 8:00 a.m. - 2:00 p.m. After 2:00 p.m. the shuttles make continuous loops from the Gondola and California/Nevada base lodges to expedite guest return to their lodging properties until approximately 6:00 p.m.

Please allow extra time when riding shuttles during holidays and Saturdays, as the shuttles are in peak demand during these high-use periods. Shuttles also need extra time during inclement weather, as visibility and slippery road conditions require extra caution and slower speeds.

Look for Winter Ski Shuttle stop signs to board the shuttles.

GONDOLA SHUTTLE OPERATION

In the event the gondola is not operating (due to mechanical or weather issues), the red routes will go to the California Lodge.

At the end of the day, be sure to board a shuttle with the correct colored sign. Shuttles display colored signs near their entry doors or displayed overhead on the designation sign. If you have any questions about Heavenly Winter Ski Shuttles, please call:

(530) 541-7149 ext. 0
